MCE has attended more than **2.000 exhibitors**, 40% of which come from 56 countries around the world, occupying more than 90% of its exhibition space. MCE reaffirms its leadership position in one of the most technologically advanced market segments and increasingly strategic in the industry current economic landscape, where integration and innovation products and solutions will become new opportunities for the economy and employment within the field of energy efficiency.

**HTP has introduced its product range**, resulting to be one of the novelties of the fair and generating great interest to all attendees. It generated interest due to technological change that is suffering the sector to fast, secure and easy to install systems, being HTP reference in this evolutionary step. We bring a lot of open contacts that we are sure will go concrete in the coming months.

Because of the international character of the fair we have begun negotiations with potential not only Italian or European customers but many other emerging areas, which will help us to increase our international presence.
